

# ASTHA JAIN

## PROFESSIONAL SUMMARY

As a highly motivated computer science student, I possess a solid foundation in programming languages such as c++. With a keen interest in software development, data structures, and algorithms, I have completed several coursework and projects that have honed my problem-solving and critical thinking skills.

Seeking an opportunity to apply my knowledge and skills to real-world problems and learn from industry experts, I am excited to contribute my passion, enthusiasm, and creativity to a dynamic and innovative team."
